Washington, DC - Rep. Bruce Braley (D-Iowa) today announced his funding requests for job-creating projects in Iowa as part of the 2009 Highway Bill. To increase transparency, all Braley's funding requests are now posted on his website. The requests will be considered by the Transportation and Infrastructure Committee and the House for inclusion in the 2009 Highway Bill, which the House is expected to consider later this year.

"These infrastructure projects will help save or create jobs in Iowa and will directly benefit the people I represent," Braley said. "Transportation projects create good-paying jobs, spur economic development and grow our local economies. That's why I'm fighting to get funding for these important Iowa projects."
